SiliconBrite Technologies, Inc. ([www.siliconbrite.com](http://www.siliconbrite.com)), a global fabless analog and mixed-signal semiconductor solutions provider is pleased to announce that they have become a member of Global Semiconductor Alliance (GSA), the voice of the global semiconductor industry.

*"The team at SiliconBrite Technologies is very excited to join the GSA family," said Barr Karagozlu, CEO and co-founder of SiliconBrite Technologies. "GSA offers strong partnership, collaboration, and marketing opportunities to help facilitate additional rapid growth at SiliconBrite."*

SiliconBrite's mission is to drive innovation through developing intelligent analog-mixed signal, power, and sensor-related semiconductor solutions to solve the most difficult client problems that have not otherwise been solved. SiliconBrite's vision is to bring value to the customers and stakeholders by providing quality, high value, and problem-focused solutions.

*"We are very pleased to have SiliconBrite Technologies join the GSA," said Jodi Shelton, co-founder, and CEO of GSA. "SiliconBrite Technologies brings a wealth of industry knowledge to the Alliance and we look forward to their contributions to our industry events, interest groups, and resources. As the GSA gains new members, we are ultimately supporting and enhancing the global semiconductor ecosystem."*

As a member of the GSA, SiliconBrite Technologies will benefit from the unique neutral platform provided for collaboration, where global executives may interface and innovate with peers, partners, and customers to accelerate industry growth and maximize return on invested and intellectual capital.

### **About GSA:**

GSA is Where Leaders Meet to establish an efficient, profitable and sustainable high technology global ecosystem encompassing semiconductors, software, solutions, systems and services. A leading industry organization that represents 300+ corporate members on six continents, including more than 120 public companies, GSA provides a unique, neutral platform for collaboration, where global executives interface and innovate with peers, partners and customers to accelerate industry growth and maximize return on invested and intellectual capital. Members of the GSA represent 75 percent of the \$500B+ semiconductor industry and continue to grow. For more information, visit [www.gsaglobal.org](http://www.gsaglobal.org).
